Instructions

Schedule an *Ashes* event at your local venue. You must register an *Ashes* event at least two weeks before the event date at plaidhatgames.com/events/create. The recommended format for the event is Built Decks. If you choose to host a Draft Decks format event, you are required to provide a copy of the game for each group of four players participating. If you choose to host a Built Decks format event, players should provide their own materials.

Before the official beginning of the event, distribute to each participant a copy of one of the Plaid Hat Games exclusive Phoenixborn (either a copy of Dimona Odinstar with 3 copies of Rayward Knight cards or a copy of Lulu Firststone with 3 copies of Phoenix Barrage cards). Participants receiving a copy of these Plaid Hat Games exclusives should be required to pay a tournament participation cost of at least \$5 (the cost to order a copy of these exclusive cards directly from Plaid Hat Games). Players are allowed to incorporate these cards into their decks at the event.

The full rules for the event are available in the *Ashes Organized Play Rules*, included with this kit and available at plaidhatgames.com/AOPRules. For any questions, please contact us at plaidhatgames.com/contact or at OrganizedPlay@plaidhatgames.com.

Upon completion of the event, distribute prizes to the winners. The Organizer and each player receives one copy of the participation prize. Distribute the grand prizes to the highest ranked players. The winner of the tournament, who is the highest ranked player at the conclusion of the tournament, selects one of the grand prizes to keep. Each of the next ranked players will successively pick one of the grand prizes remaining until all grand prizes are distributed. (When using multiple kits, continue this process with as many highest ranked players as possible until all grand prizes are distributed.)

Report the results of the event to the Plaid Hat Games website at plaidhatgames.com/events/userevents.
